DISCLOSURE STATEMENT - FRACTIONAL SHARE TRADING

This statement does not disclose all of the risks and other significant aspects of trading in capital markets products. In light of the risks, the Customer should undertake such transactions only if the Customer understands the nature of securities, derivatives, and the contracts (and contractual relationship) which the Customer is entering into and the extent of exposure to risk. The Customer should carefully consider whether trading in capital markets products is appropriate in the light of the Customer's own experience, objectives, financial resources, and other relevant circumstances. If in any doubt, the Customer should seek professional advice. Different capital markets products involve different levels of risk and in considering whether to trade or invest in capital markets products, the Customer should be aware of the following points:

Phillip Capital Sdn. Bhd. (the "**Company**") offers a fractional share trading functionality allowing the Customer to buy and sell in fractional share quantities and dollar amounts of certain securities, so the Customer may end up with a fraction of a share, a whole share, or more than one share ("**Fractional Share Trading**"). The Company outlines the features, limitations, and risks associated with Fractional Shares Trading, yet it should not be considered as investment advice or as a recommendation to buy, sell or hold a security.

In conjunction to the Customer Trading Agreement, the Customer agrees that the Company may at any time vary or add to this Statement without prior notice or consultation with the Customer.

Securities Eligible for Fractional Share Trading

As determined by the Company, Fractional Share Trading is available for some certain securities, including ETFs and ADRs. The Company examines some factors such as market capitalization, previously reported volume, trading liquidity, and price volatility, to determine eligibility for the fractional share program ("**Eligible Securities**"). The list of Eligible Securities is not subject to research by the Company and may be amended from time to time.

Fractional Share Order Handling

The Company accepts whole share orders with fractional share components. When the Customer places an order for a quantity of shares that includes at least one whole share and a fractional share, the Customer will be deemed to have placed an order for the whole share(s) and a separate order for the fractional shares. Further, the Customer acknowledges that the Company may execute the two orders separately (ie. at a different time and at different prices) or partially (ie. one may be executed while the other may not).

All share orders which consist of fractional share components in an Eligible Security are handled on a "**Not Held**" basis, including the whole share component that makes up the share order. Such 'Not Held' share orders with the fractional share components shall allow the Company time and price discretion to secure the best possible execution price for the Customer's order. If the Customer do not wish its orders to be handled on a 'Not Held' basis, the Customer should not engage in Fractional Share Trading.

Order Types and Order Quantities for Fractional Shares

Subject to certain limitations, the Company only accepts market orders and limit orders which will expire at the end of the trading day ("**day limit order**") for fractional shares. The quantity of fractional shares may be entered up to 3 decimal places. Dollar-based orders can be entered up to 2 decimal places (e.g. USD100.00) and the order will be converted into shares up to 3 decimal places (.001), rounded down to the nearest decimal place. The Company will not accept fractional share orders of less than USD1.00 or for less than .001 shares. Fractional share positions in the Customer's account statement are limited to 3 decimal places (.001).

Execution and Principal Capacity

The Eligible Securities provided by the Company may be listed or traded on a particular exchange or market, the Company will **not** route such fractional shares order for execution on the exchange or market. Instead, the Company would place the fractional shares order with any of its affiliate within Phillip Capital Group for execution of the trade as **principal or riskless principal** in the trade.

Trading Session

Fractional share orders are available for Eligible Securities during normal market hours only (for US market: 9:30 a.m. to 4:00 p.m. ET) and are excluded from trading in the pre-market and post-market trading sessions. Fractional share orders are eligible for real-time execution during market hours.

Dividends for Fractional Shares

The Customer could receive payments of cash dividends equal to or greater than USD0.01 in value, or stock dividends in either shares equal to or greater than .001 share, or commensurate cash value equal to or greater than USD0.01. Shareholder rights and/or participation in stock splits, mergers, or other mandatory corporate actions is subjected to the discretion of the Company and/or issuer.

Liquidity and Transferability of Fractional Shares

While the Customer maintain complete day-to-day control of its fractional shares in its account, fractional shares are **not transferable** to another broker/dealer. As fractional shares are **unmarketable and illiquid** outside of the Company's platform, the fractional share holdings **must** be liquidated (which may have tax consequences and will result in commission charges) if the Customer wish to transfer its holdings to another brokerage.

Tax, Legal, and Accounting Treatment

The Customer owning fractional share interests allocated to its account. The Customer should consult their own professional advisers (ie. tax, legal and accounting advisors) prior to engaging in any securities transaction, including but not limited to Fractional Share Trading.

Voting Rights for Fractional Shares

The Customer will not have voting rights for any fractional shares held in its account. The Customer will not be able to make voluntary elections on any corporate action including, without limitation, any tender offers, or rights offerings with respect to such fractional shares. The Company is unable to provide shareholder documentation for any holdings of less than one share.

Risks of Trading in Fractional Shares

Owning fractional shares is subject to the same risks of owning whole shares, including but not limited to market risks and the specific risks associated with each individual security.

The Customer is aware that the market for fractional shares is **significantly less liquid** than the market for whole shares and the prices for fractional shares order, **may be materially different** from the prevailing prices for the shares that are displayed in the Company's electronic trading system.

All holdings of fractional shares are rounded to 3 decimal places with the value of fractional shares and any dividends paid on fractional shares rounded to the nearest cent. Due to such decimal place rounding, the Customer understand that this may affect, among other things, its ability to be credited for dividends and stock splits.

By engaging in Fractional Share Trading, the Customer is aware of the unique risks and limitations, including but not limited to those set forth above, and accepting and agreeing that the Company shall not be held liable for the execution, handling, purchasing and selling of fractional shares for its accounts.

- (b) "Exchanges" means including but not limited to CME, CBOT (CME), COMEX (CME), NYMEX (CME), ICE EU COM (IPE), ICE EU FIN (ICE UK), ICE US (eCBOT & NYBOT), ICE SG, JPX (OSE & TOCOM), EUREX, HKEX, SGX, ASX, AMEX, NYSE, NASDAQ.
- (c) "Force Majeure Event" means acts of God, flood, draught, earthquake or other natural disaster; epidemic or pandemic; terrorist attack, war or riots, insurrection; collapse of buildings, fire, explosion or accident; labor disputes; accident, action of government, communications or power failures, or equipment or software malfunctions.
- (d) "Person" means any natural person, proprietorship, corporation, partnership, limited liability company or other organization.
- (e) "Market Data" means information and data pertaining to futures contracts and options contracts or similar derivative instruments traded on the Exchanges as well as associated index data, that includes, without limitation, opening and closing range prices, high-low prices, settlement prices, current bid and ask prices, last sale prices, price limits, requests for quotations, estimated and actual contract volume data, text messages pertaining to market activity, contract specifications, fast or late messages and, as determined by each of the Exchanges, may include information respecting exchange-for- physical (EFP) or against actuals (AA) transactions. With respect to Subscriber's obligations under this Addendum, Market Data includes information, data and materials that are derived from the foregoing and that convey information to Subscriber that is substantially equivalent to Market Data.
- (f) "Traded Contracts" means contracts as traded on the Exchanges listed above and any corresponding indices published by the Exchanges.

2. PROPRIETARY RIGHTS IN THE MARKET DATA.

- (a) Subscriber acknowledges and agrees that each of the Exchanges has exclusive and valuable property rights in and to its own Market Data, that such Market Data constitute valuable confidential information, trade secrets and/or proprietary rights of each of the Exchanges, not within the public domain, that such Market Data shall remain valuable confidential information, trade secrets and/or proprietary rights of each of the Exchanges at least until the Exchanges place their respective Market Data in the public domain or authorize placement of their respective Market Data in the public domain, and that, but for this Addendum, Subscriber would have no rights or access to such Market Data. Whether or not a particular Exchange has placed its Market Data in the public domain or has authorized the placement of its Market Data in the public domain shall be determined according to the terms of such Exchange's agreement with Vendor, which agreement is described in Section 3(a).
- (b) Subscriber acknowledges and agrees that disclosure of any Market Data, or any breach or threatened breach of any other covenants or agreements contained herein, would cause irreparable injury to each of the Exchanges for which money damages would be an inadequate remedy. Accordingly, Subscriber

further acknowledges and agrees that each of the Exchanges shall be entitled to specific performance and injunctive and other equitable relief from the breach or threatened breach of any provision, requirement or covenant of this Addendum (including, without limitation, any disclosure or threatened disclosure of Market Data) in addition to and not in limitation of any other legal or equitable remedies which may be available.

3. RECEIPT OF MARKET DATA BY SUBSCRIBER.

- (a) Vendor and Subscriber have entered into an agreement by which Vendor will, among other things, provide Subscriber with Market Data. Vendor has entered into agreements with each of the Exchanges whereby Vendor has been granted the right to receive Market Data and to re-transmit the same to Subscriber. This Addendum to the agreement between Vendor and Subscriber sets forth the terms and conditions upon which Subscriber may receive and use Market Data. Subscriber acknowledges that, notwithstanding such agreement, each of the Exchanges may, in its discretion, discontinue disseminating its own Market Data or change or eliminate its own transmission method, speed or signal characteristics. In addition, Subscriber acknowledges and agrees that the Exchanges reserve the right to disapprove any Subscriber and retain the right to direct Vendor to terminate any Subscriber's receipt of Market Data for any reason or no reason, in which event the Exchanges shall so notify Vendor and Vendor shall cease providing Market Data to Subscriber as soon as practicable.
- (b) (1) Except as provided in (2) below, Subscriber will use Market Data only for its own internal business activities and only at the offices and locations and on the Devices designated by Subscriber in writing to Vendor from time-to-time. (The term "for its own internal business activities", as used in the immediately preceding sentence herein, means for Subscriber's (a) trading, for its own account or for the account of its customers, of commodity futures contracts, options on commodity futures contracts or similar derivative instruments, or (b) evaluating, for its own internal business decisions or advice to its customers, the movements or trends in markets for commodity futures contracts, options on commodity future contracts, or like derivative instruments, subject to all of the limitations set forth below in this subparagraph as to the telephonic disclosure to customers of a necessary and de minimis number of segments of Market Data.)

Subscriber agrees that it will not communicate or otherwise furnish, or permit to be communicated or otherwise furnished, the Market Data, in any format, to any other party or any office or location other than that designated above, nor allow any other party to take, directly or indirectly, any of the Market Data from such offices or locations, and will adopt and enforce any policy that is reasonable to prevent the Market Data from being taken therefrom. Subscriber specifically agrees, without limiting or varying its obligations under paragraph 7 herein or otherwise set forth in this Addendum, that Subscriber shall not use or permit another person to use any Market Data for the purposes of determining or arriving at any price, including any settlement prices, for commodity futures contracts, options on commodity futures contracts, or like derivatives instruments traded on any exchange other than the Exchanges. Subscriber will abide by any other limitations on such use that any of the Exchanges may specify. Subscriber will use its best efforts to ensure that its partners, officers, directors, employees and agents maintain sole control and physical possession of, and sole access to, Market Data received through Devices in Subscriber's possession. (2) Notwithstanding (1) above, Subscriber may, in the regular course of its business, occasionally furnish, to each of its customers, branch offices, and guaranteed introducing brokers, in a quantity restricted to that necessary to enable Subscriber to conduct its business, a de minimis number of segments of Market Data. Such dissemination must be strictly limited to telephonic communications not entailing the use of computerized voice synthetization or any other technology and must be strictly related to the trading activity of Subscriber or any such recipients. Any such recipients must be advised by Subscriber that such segments are proprietary and confidential information not to be disclosed or disseminated to other persons or entities. Subscriber agrees to make all reasonable efforts to ensure that such recipients abide by the provisions of this Addendum. Notwithstanding the foregoing, in the event that a Subscriber is a newspaper which reports on, among other things, exchanges on which commodity futures contracts or options on commodity futures are traded, such Subscriber shall be permitted to publish, in its newspaper published for the day following the receipt by such Subscriber of the Market Data, the Market Data received by Subscriber from Exchanges on the day prior to such publication.

- (c) In the event that Vendor has agreed to permit Subscriber to receive, access or display Market Data through means other than a Vendor-provided Device, such as by means of: (i) the Internet, any Intranet or any other type of network; (ii) portable Devices (e.g., pocket pagers, personal digital assistants, laptop computers, etc.); and (iii) synthesized voice responses over telephones, Subscriber will use its best efforts to ensure that no other device, attachment or apparatus is used which may allow third parties not subject to Subscriber's reporting obligations under Section 3(b) above to access the Market Data.

4. REPORTING.

Subscriber agrees to furnish promptly to Vendor any information or reports that may be required by any of the Exchanges as applicable and that is reasonably related to Subscriber's receipt of Market Data. Subscriber further agrees to furnish promptly to Vendor any additional information or reports that may be required by the agreement between Vendor and Subscriber referred to in Section 3(a) as it relates to Subscriber's receipt of Market Data.

5. RIGHT OF INSPECTION AND AUDIT.

During regular business hours, any Persons designated by any Exchange may have access to Subscriber's offices or locations in order to observe the use made of the Market Data and to examine and inspect any Devices, attachments or apparatuses, as well as any books and records required to be maintained by Subscriber under Sections 3(b) and 4 in connection with its receipt and use of Market Data. Subscriber will make prompt adjustment (including interest thereon at the rate of 1½% per month), through Vendor, to compensate any Exchange that discovers an under-reported use of the Market Data by Subscriber. In addition, at the election of any such Exchange, Subscriber will be liable for the reasonable costs of any audit that reveals a discrepancy in such Exchange's favor of five percent (5%) or more of the amount of fees actually due such Exchange. Subscriber shall maintain the records and books upon which it bases its reporting for CBOE, CBOT, CME, KCBOT, or ONE CHICAGO Market Data for three (3) years following the period to which the records relate. Subscriber shall maintain the records and books upon which it bases the reporting for NYMEX, COMEX, ICE FUTURES US, ICE FUTURES EUROPE, ICE FUTURES SINGAPORE or ICE FUTURES CANADA Market Data for six (6) years following the period to which the records and books relate. In the event that Subscriber fails to retain such records and books as required above, Subscriber agrees to pay each Exchange's reasonable estimate of any discrepancy discovered pursuant to any such audit.

6. EXCHANGE FEES.

Subscriber will pay Vendor (unless Vendor has assumed Subscriber's payment obligations hereunder), for and on behalf of each of the Exchanges (as applicable), for the right to receive Market Data in accordance with the then-current fee schedule published by each of the Exchanges from time-to-time (including any and all applicable federal, state or local taxes). Each Exchange's fees are subject to modification by each of them at any time, without prior notice to Subscriber. In addition, Subscriber agrees to pay Vendor any penalties assessed against Subscriber by Vendor on behalf of any Exchange. Nothing herein shall limit a Vendor's obligation pursuant to separate agreement between Vendor and any of the Exchanges (as applicable) to pay Exchange fees.

7. COVENANTS, REPRESENTATIONS AND WARRANTIES OF SUBSCRIBER.

Subscriber covenants, represents and warrants that it is not engaged in the business of distributing Market Data and that, to its knowledge after reasonable inquiry, it is receiving the Market Data from a Vendor that is authorized by the Exchanges to distribute the Market Data. Subscriber agrees that it will not use or permit any other Person to use Market Data for any illegal purpose. Subscriber agrees that it will not use Market Data in any way to compete with the Exchanges or Vendor, nor use the Market Data in any way so as to assist or allow a third party to compete with the Exchanges or Vendor. Subscriber agrees that the provision of Market Data by the Exchanges hereunder is conditioned upon Subscriber's strict compliance with the terms of this Addendum and that Vendor may, with or without notice and with or without cause, forthwith discontinue said service whenever in its judgment there has been any default or breach by Subscriber of the provisions hereof, or whenever directed to do so by any of the Exchanges.

DISCLAIMER OF WARRANTIES.

SUBSCRIBER AGREES THAT NEITHER VENDOR NOR THE EXCHANGES MAKE ANY REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE MARKET DATA, OR THE TRANSMISSION, TIMELINESS, ACCURACY OR COMPLETENESS THEREOF, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OR ANY WARRANTIES OF MERCHANTABILITY, QUALITY OR FITNESS FOR A PARTICULAR PURPOSE, AND THOSE ARISING BY STATUTE OR OTHERWISE IN LAW OR FROM ANY COURSE OF DEALING OR USAGE OF TRADE.

8. LIMITATIONS OF LIABILITY AND DAMAGES.

Subscriber agrees that: (i) the provision of Market Data is made with equipment, communications devices, and/or leased lines not owned or operated solely by Vendor or the Exchanges; (ii) neither Vendor nor the Exchanges, nor their respective members, directors, officers, employees or agents, guarantees the sequence, accuracy or completeness of the Market Data, nor shall any of them be liable to Subscriber or any other Person for any delays, inaccuracies, errors or omissions in Market Data, or in the transmission thereof, or for any other damages arising in connection with Subscriber's receipt or use of Market Data, whether or not resulting from negligence on their part a Force Majeure Event or any other cause beyond their reasonable control; and (iii) if the foregoing disclaimer and limitation of liability should be deemed invalid or ineffective by a court of competent jurisdiction, neither Vendor nor the Exchanges, nor their respective members, directors, officers, employees or agents shall be liable for any of the foregoing beyond the actual amount of loss or damage, or the sum of fifty dollars (USD50.00), whichever is less.

9. TERM AND TERMINATION.

Subject to Subscriber's strict compliance with the provisions of this Addendum, the provision of Market Data by any of the Exchanges hereunder will continue in force during the term of the agreement between Subscriber and Vendor and any renewal term thereof. In addition, it is understood that the provisions set forth in paragraphs 2(a) and 2(b) of this Addendum shall survive the termination of this Addendum. Vendor reserves the absolute right to terminate the current Market Data services provided by any of the Exchanges without prior notice to the subscribers.

10. INDEMNIFICATION.

Subscriber will indemnify, defend and hold Vendor and the Exchanges, and their respective members, directors, officers, employees and agents harmless from and against any and all claims arising out of or in connection with this Addendum, including, without limitation, any liability, loss or damages (including, without limitation, attorneys' fees and other expenses) caused by any inaccuracy in or omission from, Subscriber's failure to furnish or to keep, or Subscriber's delay in furnishing or keeping, any report or record required to be kept by Subscriber hereunder.

11. MISCELLANEOUS.

In case of any breach by Subscriber of its obligations hereunder, each of the Exchanges will be considered to be a third-party beneficiary of this Addendum and may bring an action to enforce its terms directly against Subscriber. Any action arising out of this Addendum between the CFE, CBOT, CME, or ONE CHICAGO and Subscriber shall be governed and construed in accordance with the internal laws (and not the law of conflicts) of the State of Illinois. Any action arising out of this Addendum between the KCBOT and Subscriber shall be governed and construed in accordance with the internal laws (and not the law of conflicts) of the State of Missouri. Any action arising out of this Addendum between NYMEX, COMEX, ICE FUTURES US, ICE FUTURES EUROPE, ICE FUTURES SINGAPORE or ICE FUTURES CANADA and Subscriber shall be governed and construed in accordance with the internal laws (and not the law of conflicts) of the State of New York. Subscriber may not assign all or any part of this Addendum without the prior written consent of the Exchanges (as applicable). Neither Vendor nor Subscriber may modify or amend the terms of this Addendum. In the event of any conflict between the terms and conditions of this Addendum and any other agreement relating to Subscriber's receipt and use of Market Data, including, without limitation, the agreement between Vendor and Subscriber referred to in Section 3(a), the terms and conditions of this Addendum will prevail. If, for any reason, one or more provisions of this Addendum is held invalid, the other provisions of the Agreement shall remain in full force and effect.
